

HUEBSCH

BUILT FOR SUCCESS

At Huebsch, our priority is making commercial laundry equipment that's perfectly aligned with your business philosophy. In other words, because you believe that profit is the inevitable result of superior efficiency, durability, simplicity and service, that's exactly what we deliver.

Built to thrive in demanding commercial environments, Huebsch laundry equipment is constructed using the most premium metal components and quality-assured in our state-of-the-art test lab to guarantee uncompromised performance. And our people are just as reliable. With the most comprehensive support network in the industry, Huebsch makes reaching your commercial laundry goals easier than ever

YOUR SMART LAUNDRY PARTNER

As part of ALS, the world's largest commercial laundry company, we help you achieve success with more laundry services than anyone else in the industry.

LAUNDRY DESIGN

From preliminary drawings to completed layouts, you can rely on our dedicated team of laundry experts to assist you with your commercial laundry design.

DISTRIBUTORS

True laundry experts, our knowledgeable distributors offer guidance, service and support.

CUSTOMER SERVICE

We're committed to delighting our customers at every point of interaction.

GENUINE PARTS

Same design. Same reliability.
The perfect maintenance solution.

LEADING PERFORMANCE IN LAUNDRY FROM THE WORLD LEADER.

Choosing Huebsch gives you access to the resources of Alliance Laundry Systems for all your laundry solutions needs in the days, months and years ahead.

Alliance Laundry Systems makes the world cleaner as the premier provider of laundry solutions. We deliver leading performance in commercial laundry through our family of brands, including Huebsch.

LAUNDRY IS OUR SOLE BUSINESS

Alliance leads the world in commercial laundry sales, product range, global reach and R&D investment. We serve more than 140 countries with a team of more than 3,000. Check out the advantages you enjoy with our focused approach:

SUPERIOR TECHNOLOGY

The world needs faster, easier, better laundry. In recent years, we've invested over USD300 million in R&D to make it happen. Our global team of laundry scientists, engineers and designers are dedicated to purposedriven laundry innovation.

STRONGER NETWORK

You're never too far from better laundry, thanks to expert Alliance teams in 14 strategic locations worldwide and over 1,200 specialist commercial laundry distributors. No matter where in the world you are, big help with big laundry is always within reach.

COMPREHENSIVE TRAINING

We offer training for everyone involved in the laundry process. Our laundry learning programs include operator training, service schools, maintenance seminars, business training and much more.

AWARD-WINNING CUSTOMER SUPPORT

Our outstanding customer service is dedicated to helping you develop the most efficient laundry operation possible – and keeping it running at peak efficiency.

MEASURABLY BETTER

To get the excellence you deserve, you can rate our services at every interaction. If you're not happy, let us know and we'll make it good. Were we helpful? Share your approval. Our team thrives on a positive experience. Understanding your satisfaction helps us improve our performance.

THE PERFECT EQUIPMENT FOR LAUNDRY SUCCESS

Huebsch gives you a wide range of vended laundry equipment to choose from. Enjoy special designs to create the perfect laundry you have in mind to meet your needs and those of your customers. The Huebsch team is ready to make things easy and help you make the right decisions. Our experience and knowledge will help you succeed in building your business and laundromat.

**AVAILABLE IN 3 STYLES TO BETTER
FIT YOUR LAUNDRY DESIGN**

In order to achieve an attractive branding and look and feel for laundromats, Huebsch has developed three different colour layouts for vended models: Slate, Cityscape and Citron. These options are meant to allow laundromats owners to customize their store and differentiate it from competitors by creating a premium environment.

Slate

Cityscape

Citron

DESIGNED FOR THE MODERN ENTREPRENEUR

Whether you're a seasoned investor or a new store owner, Huebsch can help define your goals and provide a clear vision for a new era in commercial laundry. We'll get you started with industry-leading services, site selection and store layout, as well as support from our expert distributors. And now, we bring you the next step in our laundry evolution: contemporary new control panel designs and features to modernize and customize your laundromat. With truly distinctive ideas to make your store environment your own, you can enhance the customer experience and differentiate your laundromat from competitors. We invite you to explore the possibilities.

SLATE

Nuanced neutrals and classic inspiration have come together in a sleek and dignified design. Halo door rings and polished chrome handles, in addition to SLATE control panels, bring quality and dimension to your space. With this look, there's no brand more welcoming than Huebsch®.

Imagine the ways you'll make it your own and envision the unbelievable revenue-generating and money-saving possibilities you'll gain with Galaxy™ 600 controls

CITYSCAPE

Clean lines, streamlined design and dramatic contrast come together in this modern expression. Refresh, enhance and expand your space by selecting contemporary lighting that complements the chrome accents and vivid hints of colour on our CITYSCAPE control panels.

Define your space as your own, and take charge of your revenue with innovative Huebsch® Galaxy™ 600 controls that help you save and make more money

CITRON

A witty mix of style and texture, plus a daring splash of colour — this, to us, is true expression. It's a look that allows you to capture your own unique, contemporary character in memorable, invigorating ways. Be bold with CITRON control panels and customize your space with designs as creative as you.

Then, be prepared to minimize your utility costs and maximize your revenue with game-changing, performance-based features. With Huebsch®, you can add a burst of colour — and create a surge in your cash flow.

FRONT LOAD WASHERS

HF

Energy efficient. Cost efficient. Everything you need to reduce operating costs, from our low water usage to our high-speed extraction. Less moisture translates into reduced drying times. Fast cycle times get the job done quickly, providing high turn counts for busy vended laundries, while the double load washtub provides plenty of room for larger loads.

UNMATCHED DURABILITY

Built with premium materials and tested to meet the demands of the harshest environments, these commercial-grade machines deliver reliable, efficient operation load after load—and they're backed by Huebsch's standard three-year warranty.*

*Parts only, labor not included. See Huebsch Warranty Bond for specifics. Warranty can vary across countries.

POWER LOGICALLY APPLIED

- Revolutionary balance technology reduces cabinet vibration considerably, reduces floor force, and decreases drying time and expense – it runs 2.5X quieter than previous models.
- High spin speed up to 1,200 RPM, 440 G-Force removes more water from clothes.
- Heavy-duty construction, from rugged steel drive components to stainless steel inner and outer tubs.
- Exclusive baffle design scoops water. No enclosed area under the baffles prevents mildew growth and reduces the possibility of odours.
- A pump drain allows our front load washers to be installed adjacent to or replace top load washers with no special plumbing (a gravity drain option also is available).
- Redesigned supply dispenser features four compartments (Pre-wash detergent, wash detergent, bleach, and softener) and automatically dispenses as needed for a complete wash.

TOP LOAD WASHERS

HW

Huebsch commercial top load washers allow a coin laundry owner to provide an assortment of machines for customers' varying needs. They are popular with people who separate items into smaller loads. Constructed with heavy-duty components, from the stainless-steel washtub and all-metal transmission to the commercial grade cabinet finish, you're ensured an extended life for your coin laundry investment.

UNMATCHED DURABILITY

Built with premium materials and tested to meet the demands of the harshest environments, these commercial-grade machines deliver reliable, efficient operation load after load—and they're backed by Huebsch's standard three-year warranty.*

*Parts only, labor not included. See Huebsch Warranty Bond for specifics. Warranty can vary across countries.

FOR GREAT RESULTS FAST

- With a two-speed motor, the top load washer's 710 RPM maximum spin speed ranks among the highest in the industry, reducing drying times and handling high turn volumes during peak periods.
- Our curved four-vane agitator delivers an industry-best 210° wash stroke. Plus, the new top panel wide-fan spray system rinses fabrics more evenly. It all adds up to unparalleled cleaning results.
- Huebsch's exclusive stainless-steel tub comes with a lifetime warranty, it won't pill, snag or fray clothes. An air gap prevents contamination from grey water back siphon.
- Fast cycle times allow laundromat owners to capitalize on the opportunities for additional profits.

CONTROLS

GALAXY™ 600 CONTROLS

This control enables networking with our larger equipment and off-site management. Galaxy™ 600 also offers owner and customer benefits such as PC programming and machine audit capabilities, time-of-day pricing, 'lucky cycles', cycle modifier keys and much more. Huebsch Command™-compatible.

MICRO-DISPLAY 2

Our Micro-Display Control (MDC) clearly displays the vend price and keeps customers informed throughout the wash process with cycle status lights and a digital cycle countdown. Interfacing with a variety of aftermarket card reader systems, MDC offers four cycle selections and basic audit data features.

ACTIVATIONS

Single drop, Electronic drop, Aftermarket card readers, Central pay, Coin slide

DRYERS

HD

With a large load capacity in a compact frame, each one of our single dryers is all business, all the time. Commercial dryers are designed as perfect complements to front and top load washers for vended laundry applications in areas where revenues may not support a large-scale coin laundry. With a large easy-to-clean lint compartment and a reversible door to accommodate your laundry design, Huebsch single dryers are designed to suit your laundry's specific needs. The 1913.8 sq cm (2.06 sq ft) door opening is the largest in the industry, providing easy loading and unloading for your customers.

UNMATCHED DURABILITY

Built with premium materials and tested to meet the demands of the harshest environments, these commercial-grade machines deliver reliable, efficient operation load after load—and they're backed by Huebsch's standard three-year warranty.*

*Parts only, labor not included. See Huebsch Warranty Bond for specifics. Warranty can vary across countries.

ENERGY-EFFICIENT SPEED

- Durable galvanized steel cylinder with an extra-large 198.0 litres (7 cu. ft.) of volume to handle large loads and promote faster drying.
- Efficient dryer heating with 25,000 Btu (6,300 kCal) (gas models) and up to 5,350 Watts (electric models).
- Extended Tumble helps eliminate wrinkling by tumbling for two minutes after a 20-minute cycle is completed and continues tumbling for two minutes during 1 hour interval.
- A quiet, efficient blower system uses a superior airflow of 104 liters (220 CFM) per second for quick drying results and low operating costs.

CONTROLS

GALAXY™ 600 CONTROLS

This control enables networking with our larger equipment and off-site management. Galaxy™ 600 also offers owner and customer benefits such as PC programming and machine audit capabilities, time-of-day pricing, 'lucky cycles', cycle modifier keys and much more. Huebsch Command™-compatible.

MICRO-DISPLAY 2

The new clean style Micro-Display Control (MDC2) clearly displays the vend price and keeps customers informed throughout the wash process with cycle status lights and a digital cycle countdown. Interfacing with a variety of aftermarket card reader systems, MDC2 offers four cycle selections and basic audit data features.

ACTIVATIONS

Single drop, Electronic drop, Aftermarket card readers, Central pay, Coin slide

STACKED WASHER/DRYERS

HT / HS

Get the complete package in a single unit, combining our efficient dryers with the powerful performance of our industry-leading front load washers. Our line of stack washer/dryers are designed as vertical combinations that provide all the power of Huebsch washers and dryers, while occupying only half of the floor space of a conventional washer and dryer setup. Plus, these stacked units allow you to utilize the same connections and hook-ups required by a standard washer and dryer and come preassembled for simple installation.

UNMATCHED DURABILITY

Built with premium materials and tested to meet the demands of the harshest environments, these commercial-grade machines deliver reliable, efficient operation load after load—and they're backed by Huebsch's standard three-year warranty.*

*Parts only, labor not included. See Huebsch Warranty Bond for specifics. Warranty can vary across countries.

UP TO SPEED

- Improved suspension with new out-of-balance logic manages and redistributes unbalanced loads for uninterrupted wash cycles.
- Extended Tumble helps eliminate wrinkling by tumbling for two minutes at 20-minute intervals if the door isn't opened.
- Just like their stand-alone counterparts, Huebsch stacks are nearly completely front serviceable to limit downtime for service

CONTROLS

GALAXY™ 600 CONTROLS

This control enables networking with our larger equipment and off-site management. Galaxy™ 600 also offers owner and customer benefits such as PC programming and machine audit capabilities, time-of-day pricing, 'lucky cycles', cycle modifier keys and much more. Huebsch Command™-compatible.

MICRO-DISPLAY 2

MDC2 dryer cool down time is a user programmable option, set to 10 minutes by default on international models to comply with IEC requirements.

ACTIVATIONS

Single drop, Electronic drop, Aftermarket card readers, Central pay, Coin slide

HARDMOUNT WASHER-EXTRACTORS

WASH, RINSE – REPEAT BUSINESS

Convenience and timesaving features that will keep your customers coming back

- Simple, intuitive and adjustable controls make our machines easier to operate for the end user, while flexibility in wash and rinse options increase profitability through cost adjustment.
- The ergonomically friendly door handles ensure doors will close easily and lock reliably.
- Our fill-and-forget dispenser lets customers add all their chemicals at once so they'll never forget to add bleach mid-cycle.
- Boost productivity and profits on our largest models, with fill times 43% and 20% faster on the HC60 and HC80 & 100, respectively.

CONTROLS

GALAXY™ 600 CONTROLS

DESIGNED TO IMPROVE YOUR BOTTOM LINE

A VARIETY OF CYCLE SELECTIONS

Six cycle selections and multilevel pricing mean more opportunity for profit, while time-of-day pricing helps increase turns during slow times.

EXTRA WASH AND RINSE KEYS

These options enable customers to tailor wash cycles—at premium vend prices.

TUMBLE DRYERS

HU25 / HU30

HU35 / HU50

HU55 / HU75

To keep up with the incredible popularity of large-capacity washer-extractors, owners must have dryers that can handle the workload—and Huebsch tumble dryers are more than up to the task. But they're not just big; they're efficient, thanks to a highperformance heater box, which creates a concentrated airflow pattern that keeps utility costs down and speeds customers through their drying cycle.

UNMATCHED DURABILITY

Built with premium materials and tested to meet the demands of the harshest environments, these commercial-grade machines deliver reliable, efficient operation load after load—and they're backed by Huebsch's standard three-year warranty.*

*Parts only, labor not included. See Huebsch Warranty Bond for specifics. Warranty can vary across countries.

INVEST IN ADVANTAGE

Huebsch tumble dryers maximize profits through superior engineering

- **Optimum efficiency:** Huebsch tumble dryers feature an innovative axial airflow process, reducing energy consumption and producing some of the industry's fastest dry times. Faster drying means less time spent at the laundromat and increased customer satisfaction, loyalty and store profits.
- **Collaborative effort:** Huebsch tumble dryers are available in both single and stack pocket configurations to give your store more drying options and make the most of your space.
- **Low maintenance:** Large lint compartments reduce time spent emptying and a heavy-duty belt delivers a long life to cut maintenance time and costs.
- **Activation versatility:** All Huebsch models can be configured for coin or card activation, letting you choose the payment method that works best for your business.

CONTROLS

GALAXY™ 600 CONTROLS

DESIGNED TO IMPROVE YOUR BOTTOM LINE

Integrating Galaxy 600 controls allows for intuitive operation and simple programming throughout your store with revenue-boosting options. Better yet, it means your vended tumble dryers are Huebsch Command™-compatible

BASIC CONTROL

Our Basic Electronic Control clearly displays the vend price and keeps customers informed throughout the drying process with cycle status lights and a digital cycle countdown. Basic Electronic Control offers four cycle selections and basic audit features.

STACKED TUMBLE DRYERS

HUT30 / HUT45

To keep up with the incredible popularity of large-capacity washer-extractors, owners must have dryers that can handle the workload—and Huebsch stacked tumble dryers are more than up to the task. Efficiency means drying more loads, faster. Huebsch offers two drying pockets in the space of one single, increasing capacity to endure peak periods.

UNMATCHED DURABILITY

Built with premium materials and tested to meet the demands of the harshest environments, these commercial-grade machines deliver reliable, efficient operation load after load—and they're backed by Huebsch's standard three-year warranty.*

*Parts only, labor not included. See Huebsch Warranty Bond for specifics. Warranty can vary across countries.

WORKS FOR YOU

Set to do the job and stays up to the task

- **Optimum efficiency:** Huebsch tumble dryers feature an innovative axial airflow process, reducing energy consumption and producing some of the industry's fastest dry times. Faster drying means less time spent at the laundromat and increased customer satisfaction, loyalty and store profits.
- **Collaborative effort:** Customers using the higher-capacity washer-extractors will also pay a premium vend for the larger Stack 45. Pairing the profitable Stack 30s with Stack 45s can offer a 44% increase in profit per square foot of tumbler dryers.
- **Less downtime:** Unlike competitors, Huebsch machines are wired individually. So if one should break down, the other unit will continue to work and more importantly, continue to make money.
- **User friendly:** Huebsch models can be configured with a programmable electronic control that delivers drying options through an intuitive user interface. A large, digital display keeps customers apprised of the time remaining on their cycle.

CONTROLS

GALAXY™ 600 CONTROLS
